

Professional Profile

ROBERT HUGH GRANGER, PH.D., CIH

Toxicologist & Laboratory Director
HP Environmental, Inc.

Research Scientist
HP-Woods Research Institute, Inc.

Synopsis

Dr. Granger has practiced and conducted research in the area of clinical, forensic and environmental toxicology for 25 years evolving into his current professional focus on applied environmental hygiene and laboratory science. During this period, Dr. Granger investigated hundreds of public health incidents ranging from accidental and criminal poisoning to chronic exposure to environmental pollutants. On several occasions Dr. Granger has participated in or lead health hazard investigations following significant catastrophic events. Of particular interest is Dr. Granger's previous lead role in conducting the acute toxicological investigation for the Port Authority of NY & NJ immediately following the February 23, 1993 bombing of the New York City World Trade Center.

Dr. Granger holds a Bachelor of Science in chemistry from the University of West Florida and a Doctorate in pharmacology and toxicology from the Medical College of Virginia. Dr. Granger has served as a consultant or advisor to many private and public agencies including: architects, engineers, contractors, building owners and managers, insurance companies, attorneys, the U.S. Environmental Protection Agency, the General Services Administration, the Defense Logistic Agency, and the National Academy of Sciences, to name a few. In 1988, Dr. Granger became affiliated with the National Institute of Standards and Technology as a technical expert and laboratory assessor for the National Voluntary Laboratory Accreditation Program (NVLAP) and continues in that role today. In 1991, Dr. Granger assumed the position of Toxicologist & Laboratory Director for HP Environmental, Inc. and in 1997 assumed the additional position of Research Scientist for HP-Woods Research Institute, a not-for-profit research institute focused on healthy indoor environments. Dr. Granger is a Fellow, Diplomat or member of numerous professional societies.
